Travel Opportunities

Getting Ready for a Fabulous CSA Overnight Excursion in 1966

CSA recognizes the importance of **affordable travel** as an integral part of an academic summer abroad and sponsors various optional day trips and overnight excursions. **Prices are substantially lower than the cost of commercial travel.** A detailed sign-up sheet will be sent to participants with one of the pre-departure CSA Bulletins in the Spring of 2010. All day trips & overnight excursions are available on a course requirement and first-come, first-served basis and participants are encouraged to register for them as early as possible to ensure their space. Participation on the Bavarian Overnight Excursion featuring attendance to the world famous Oberammergau Passion Play is limited, those who desire space on this trip should **call the CSA Office immediately.** Day trips & overnight excursions are a wonderful way to experience and indulge in a complete summer of travel & sightseeing and include:

- * Double, Triple or Quad Room Accommodations in Selected Hotels (for weekend excursions),
- * Round-trip Private Motorcoach or Reserved Group Seating on Train as described,
- * Sight-seeing and Full City tours at all sites visited as described,
- * All breakfasts and 1 dinner on weekend trips,
- * All trips escorted by CSA Staff Member(s).

Excursions can be paid for by check, money order or credit card (Visa, MasterCard, American Express or DiscoverCard). Rates, dates & itineraries listed are subject to minor changes. Although rare, CSA reserves the right to cancel any optional travel if trip has less than 10 participants.

THE LIVING ARRANGEMENTS During the Program **participants will live in Pensions or Pension Hotels** (delightful Bed & Breakfast type home accommodations, each owned & operated by warm, friendly Austrians) with shared bath facilities.

Breakfast will be served/available daily. Breakfast is traditional European continental-style: coffee, tea, hot chocolate, rolls and/or baked goods, butter, jams/jellies, honey, etc. (many hosts provide additional treats such as meats and cheeses, home-made strudels, cakes, tortes, etc.)

Rooms are for 2 or 3 persons. Participants may make roommate requests and CSA will do everything possible to satisfy such requests (if made in writing by both parties). Pension & Host names with their addresses are sent to participants about 3 weeks before departure.

Single rooms and rooms with private bath facilities are available on a first-request basis at additional cost as follows:

Single Room with Private Bath - \$500 additional; and

Double Room with Private Bath - \$500 additional (\$250 per person).

NOTE: (1) Single room accommodations on overnight excursions are not included with the above supplements, but are available on a limited basis, and only upon request. Cost is \$200 additional per trip. (2) Please be informed that most European-style double room accommodations (for 2 people) have one bed, and frequently these beds cannot be separated, therefore sharing a bed as well as a room in a double room accommodation is very common and most typical. (3) Most European-style bedding includes feather bed comforters and feather pillows, those with allergies to feathers should indicate such and request alternative bedding (which can be made available).
