

## HEINLEIN GENEALOGY

November 16, 1997

Dear Aunt Gert,

The first snowfall of the season brings the realization that Christmas can't be too far away. Manfred & I hope that you & yours have the kind of holiday season that brings you happiness. The past year has been good

to us. We enjoyed several trips, one across the Atlantic by ship to Portugal, Spain, France, Italy & Greece and the other across the United States to the west coast.

In August we rented a cottage in Edinboro, Pennsylvania, and were able to have all the family with us sometime during our week's stay. We were all together for a weekend at Cedar Point, Ohio, too. Alyson & Todd are still in Meadville. Alyson is working part time again. Lauren, twelve, is just recovering from a broken foot she got while playing on the Junior High basketball team. Keith, nine, is in fourth grade and Erin, six, is our first grader this year. Kevin & Holly are still living in their Butler County home. Amy, ten, is in fifth grade, the last elementary grade in her school. Stevie, seven, is in second & Danny, five, is in kindergarten. The grandkids are growing up so fast that we're trying to enjoy them while we can.
