<p>“Re: Need deed research,” email to Paul Schmidt (pschmidt@ancestry.com), sent 13 June 2019.</p>	<p>First email update from researcher in Pennsylvania</p>	<p>I have searched the Deeds for properties purchased by John/Johan and his four sons beginning with a purchase by John in 1884 and ending in 1965 when Michael (the last surviving son) passed away.</p> <p>There are 58 property transfers TO the Heinleins in that period, mostly in Moon and Coraopolis.</p> <p>It would require checking every Deed to get an address and then checking deed transfers FROM the Heinleins to see a date of sale for each property.</p> <p>Let me know your thoughts.</p>	
<p>Edward Heinlein Jr. (ehleinlein@comcast.net), “Re: Ancestry ProGenealogists - Project Update,” email to Brian Smith (brsmith@ancestry.com), sent 14 June 2019.</p>	<p>Email clarification from the client</p>	<p>I want to know the farms in Moon Township from 1884 till they were sold to John Bell of Carnegie and the Bell Farm in the mid-1920's. I have no interest in the houses of Heinleins in Moon Township or Coraopolis. I want to know the dates of purchase, prices, size of the farms, and the address. I am including below and with an attachment, the information I know of where the farms were and information about Bell Farm. Please add Andy Colter to the list of brothers with farms (Johann Heinlein, father; Konrad, John, Mikel John, and Jim). Is it possible to get copies of the farm research?</p>	
<p>“Re: Heinlein research,” email to Paul Schmidt (pschmidt@ancestry.com), sent 29 June 2019.</p>		<p>I was to find the Deeds for the property owned by the Heinleins which was sold to John A. Bell in the early 1920's. The Deed Adsectum volumes are Grantee (or Buyer) of a property. I searched the index from 1916 until 1919 and there are NO properties transferred from any Heinlein nor Colter in those years.</p> <p>I searched the index from 1920 until 1923, also with no such transfers.</p>
